English

In English this Term, we are exploring 'A River' and 'The Night Gardener'. These units build towards writing a circular narrative, a letter, a setting narrative and a diary entry. We will be working on ensuring each sentence has a capital letter, ends with the right piece of punctuation (., ?, !) and checking it makes sense. We will also be using our improving phonic knowledge to help our spelling and start remembering how to spell Y2 common exception words.

Maths

This half term we will be developing our understanding of place value, addition and subtraction, and shape. We will be exploring numbers up to 100, being able to partition them in different ways and counting in a variety of ways. We will be building towards adding and subtracting 2-digit numbers. We will also be exploring 2D and 3D shapes, introducing the terms vertices, edges and faces.

Wider Curriculum

Through our study of Explorers, we learn about space exploration and will move on to look at expeditions by Captain Robert Scott. We will be studying different places and finding them on the map. In Science, the properties of materials and we will then learn more about animals and life cycles. We will also begin preparations for our Carol Concert.

Challenge

Can you create an animal fact file?

Choose your favourite animal from across the world and create a fact file. Make it fun with pictures and colour.
